Supported devices – Android 4.4+ – Samsung Galaxy S4+ – Samsung Galaxy Note 3+ Top is a folk game from many countries around the world that allows players to control a tool and make it rotate multiple times on the ground. Generally, just for entertainment. But later, a Japanese comic author created a game in his manga/anime series, modeled after this traditional game. Beyblade has made a lot of audiences since 1999 in 2004. Then, after the series stopped, more than 10 years later, there were people who developed it. In 2015, BEYBLADE BURST was released, one of the new anime, inheriting only the Beyblade rules. However, it also attracted a lot of audiences. Create, customize, and fight with BURST tops After that, BEYBLADE BURST released the game to allow players to experience everything that happens in anime. It made viewers around the world excited and made a huge amount of revenue from Google Play. To date, BEYBLADE BURST has gained 10 million downloads for itself and is still growing. In-game content is, of course, updated regularly. In addition, the game is attractive to many players because it supports an extended online multiplayer network. When you entered the game, there was a chance to fight against opponents from more than 90 countries around the world with rankings, personalized profiles, an improved top digital selection and the ability to earn achievements. In general, the game focuses on the antagonistic experience, so the competition is very high, if you are a Beyblade fan, you should not ignore it. Create a league, invite your friends, and BATTLE is very special because it is a fantasy game, so everything is not too mandatory. But it still has its own operating mechanisms. You will control a Beyblade and you must rotate it on your axis by creating momentum for it with a special device. Later, The Beyblades will rush into each other and rub each other until they remove the opponent from the ring. With such simple rules of competition, it is influenced by many elements of the control device. Players can use their rewards to unlock multiple dominant types to be able to fight with many players from around the world. In addition, if you win challenging matches, you will unlock virtual tracks to enhance the power of your Beyblades. The attraction of BEYBLADE BURST is that you can invite your friends to form a league and fight with many other teams. Players do not have to compete alone and small solo matches, everything will be prepared to create a long tournament. You will take part in a competition and play until you reach the championship after many heated confrontations. In addition, you can also choose a season to play depending on the length you want. The duration of the season of 1 day, a week or 1 month are available in the game for you to choose and experience. BEYBLADE BURST offers two ways to improve your position in the game rankings. CONCUREONLINE WITH DIGITAL BATTLES mode means that you will be fighting against people on the internet, compete face to face with toy battles is a real battle, and then the player will update the score on this application. Generally, any rules of the game are the same. Now you are ready to download BEYBLADE BURST for free. Here are some notes: Please check out our installation guide.
